---

The HighJoule 100KWh Outdoor Cabinet Series supports RS485, CAN, Ethernet, and Modbus protocols for real-time data transmission. The integrated EMS platform allows for remote monitoring and ...

The energy storage system is comprised of a 100kWh Lithium iron phosphate battery pack, consisting of ten battery packs of 51.2V and 205Ah each, connected in series to achieve a total ...

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

Unleash peak performance and unparalleled security with our Air-cooled Energy Storage System. This modular powerhouse seamlessly integrates AI-powered intelligence for optimized operation and ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

The MG100K is a high-performance all-in-one energy storage system with 100kW output and 207kWh capacity, ideal for microgrids, industrial backup, and solar integration. Featuring LiFePO4 batteries, ...

GSL ENERGY offers complete off-grid energy storage solutions tailored for island homes, resorts, commercial facilities, and microgrids--helping you transition to a sustainable, self-sufficient power ...

Microgreen containerized energy storage system solves the problem of costly grid upgrades for the mass deployment of charging stations. The system can interface directly to high-output charging ...

Configured with a rack-mounted modular PCS, it supports parallel connection of multiple machines and has good scalability; the number of PCS modules and the total battery power can be selected ...
