Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

Together, these enclosures deliver 15 kW continuous (20 kW peak), operating silently and reliably even in harsh climates. Designed for telecom, data edge, industrial, and government applications, the ...

These fully integrated, outdoor-rated systems are perfect for applications such as residential backup power, small commercial operations, remote or rural installations, and renewable energy storage.

From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Standardized Structure Design: Includes energy storage batteries, power conversion systems (PCS), photovoltaic modules, and charging modules in a compact and highly efficient cabinet.

Designed for C& I project developers, EPC contractors, installers, and renewable energy integrators, the Wenergy ESS cabinet offers flexible capacity configuration and supports both on-grid and off-grid ...

Application Household energy storage Commercial energy storage Power shortage area Large photovoltaic farm

This cabinet provides dependable power from 9 kW to 15 kW by combining pure sine wave inverter technology, scalable lithium iron phosphate (LiFePO₄) storage, and high-efficiency solar charging in ...

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

15kW Outdoor Energy Storage Cabinet for Charging Piles

Allsparkpower 15kw/25.2kwh high-cycle life LiFePO4 battery based outdoor solar energy storage system
