Is a 2KW solar generator good for camping?

A 2kW solar generator is excellent for camping, though it might be a bit heavy. It can power most camping appliances and electronics for hours or days. Can I power my RV with a 2000W solar generator?

Does a 2000W solar generator have a bigger battery?

Typically, 2000W solar generators have a matching 2000Wh battery. But there are exceptions. Some, like the Goal Zero Yeti 1500X have a smaller battery while others like the Yeti 3000X and 6000X have a larger battery. The bigger the battery, the longer you can power appliances and charge electronics.

Can a solar generator power a water heater?

But it won't power a water heater, an electric oven, or a residential HVAC system for long. For these, we recommend buying a solar generator or home solar kit that can output 6,000 watts peak & 3,000 watts continuous, with at least 10kWh of capacity.
