24v to 2kW inverter

The NOVA PURE MAX 2K from RICH SOLAR is a 2000W, 24V industrial pure sine wave Inverter that is ideal for large loads that require a clean, pure source power.

From the 24V DC outlet in your applications e.g., vehicle or boat, or directly from a dedicated 24V DC battery, this inverter can efficiently and reliably power a wide variety of household AC products, such ...

These units are perfect for moderate loads and when chained together, they become a powerhouse. The setup is nearly plug-n-play. Start with a battery, solar and finally mains (which can easily be pigtailed ...

With a conversion efficiency greater than 90%, adjustable 50/60Hz output, the inverter charger provides 2000W continuous power, and 9000W surge power to easily power your daily electrical appliances.

The PSW inverter features a cleaner output, Inductive loads, such as microwave ovens and motors, can operate faster and quieter when connected to the PSW inverter.

For off-grid or grid-tied operation, the Outback Power FXR2024E is a 2kW (2000 watt) single-phase, hybrid inverter/charger. The FXR2024E delivers 230V sine wave output in 24V with an operating ...

Compared with traditional inverters, pure sine wave inverters can provide higher quality and more stable AC output.

2000 Watt (2kW) 24V Industrial Pure Sine Wave Inverter with electronic overload protection, low battery voltage protection, and over-temperature protection. Features automatic shutdown for safety, built-in ...

Introducing the 2kW Universal Power Inverter--the first of its kind designed to work flawlessly with both 24V and 48V batteries. No additional converters, no complicated wiring. Just ...
