Masdar and Emirates Water and Electricity Company (EWEC) have announced the launch of the world's first "round the clock" 24/7 clean energy gigascale project, integrating solar power and battery storage ...

Abu Dhabi introduces a solar self-supply policy enabling residents and businesses to generate clean power and reduce grid dependence.

Masdar invited CleanTechnica out to Abu Dhabi for the official groundbreaking for their new round-the-clock solar and battery energy production system.

Delivering up to 1 gigawatt (GW) of baseload power every day generated from renewable energy, it will be the largest combined solar and battery energy storage system (BESS) in the world.

Masdar and EWEC are pioneering the world's first gigascale, 24/7 solar and battery storage facility in Abu Dhabi, aiming to produce continuous renewable power and revolutionise global ...

In the desert outside Abu Dhabi, construction crews are breaking ground on a project that sounds almost like science fiction: a solar power plant that never sleeps.

Abu Dhabi's new Solar Self-Supply Policy aims to boost clean energy use and cut power demand by encouraging solar adoption and efficient energy consumption. Discover how this initiative ...

The Solar Energy Self-Supply Policy supports Abu Dhabi's shift to renewable energy and improved electricity efficiency.

The Abu Dhabi Department of Energy (DoE) has launched the Solar (Photovoltaic) Energy Self-Supply Policy in Abu Dhabi, enabling customers to improve daytime electricity efficiency and increase ...
