Austrian liquid-cooled lithium battery energy storage cabinet Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, ...

Maximize power reliability & savings with our 125KW/261KWH Liquid-Cooled Battery Cabinet. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection ...

Designed for industrial facilities with higher daily loads and longer discharge requirements. This 418 kWh liquid-cooled energy storage cabinet is built with an independent liquid cooling system and a smart ...

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It combines top-tier LiFePO4 cells, advanced liquid cooling, and AI-powered safety features to ensure ...

Discover how modern households are reducing energy costs and achieving grid independence with smart storage solutions.

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan ...

It features an advanced, independent liquid cooling system in each cabinet along with intelligent thermal management. The temperature difference between battery cells is kept within $\pm 1^{\circ}\text{C}$ across the entire ...

Liquid-cooled energy storage lithium iron phosphate battery station cabinet Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire ...
