Will Latvenergo become Baltic leader in battery energy storage systems?

Energy company Latvenergo said February 18 it is investing heavily in battery systems with the stated intention of becoming the the Baltic market leader in battery energy storage systems (BESS).

What is the most powerful electric car charging station in Latvia?

In 2018,at that point the largest generator T1900 with a V16 Mitsubishi engine of 1,900 kVA for Z-Towers was delivered and installed. In 2019,the most powerful electric car charging station in Latvia was installed at Energolukss building- 100 kW. In 2019,the delivery of solar energy solutions to customers was started.

How will Latvenergo improve the security of supply?

The innovations and infrastructureof Latvenergo will not only strengthen the security of supply but also the development of the Baltic region." BESS,or Battery Energy Storage System,is a technology that allows electricity to be stored with the objective of feeding it back into the grid at times of peak demand.

Will Bess be able to deploy storage capacity across Baltic states?

"Future projects will be carefully evaluatedto strategically deploy storage capacities across the Baltic states in order to maximise the benefits for the security of supply and customers," the company added,giving a broad hint that it will also be looking to place BESS assets in Estonia and Lithuania.

The APCUPS BE425M is a reliable battery backup and surge protector, offering 425VA and 225W of power to keep your critical devices running during outages. With 6 outlets, including 4 for battery ...

Why Latvia Needs Reliable UPS Systems Now More Than Ever Latvia's power infrastructure faces unique challenges - aging grid components, increasing digitalization, and growing dependence on ...

Sure Power Energolukss is the leading full-service supplier of energy-efficient and sustainable backup and guaranteed power supply solutions in Latvia since 1997. Our services are ...

Buy ORVALDI ID2K0CH Line-Interactive UPS 2 kVA/1200 W for backup of servers and network devices. Fast delivery in Riga, Latvia and across Europe.

SIA TESLA is a Latvian company with experience in designing and building solar power plants, electrical
