Our company have the overall supporting capability for the system integration of PACK, PCS, BMS and EMS. Elecnova aims to meet the diversified energy requirements of segmented markets and ...

The 372KWh outdoor cabinet energy storage system adopts an integrated design concept, integrating batteries, battery management system BMS, energy management system EMS, modular converter ...

372kWh Liquid-cooled Outdoor Cabinet for Lithium Battery Cabinet-type Battery Lithium Battery Rental Cabinet

EK conducted a comprehensive and multi-level test on the 372kWh liquid-cooled smart outdoor cabinet, mainly including mechanical safety, electrical safety, functional safety and other tests.

With our C& I battery storage systems, you don't have to be physically present to monitor your energy usage. Our cutting-edge technology allows you to configure and control the system locally or ...

It integrates a high-voltage LFP battery with a capacity of 372KWh and a power rating of 150KW, making it suitable for both commercial and industrial applications. The system includes a Battery ...

Liquid-cooled Battery Cabinet ECO-B372LS The liquid-cooled battery cabinet adopts advanced cabinet-level liquid cooling and temperature balancing strategy.

The HJ-ESS-DESL series of liquid cooled commercial energy storage systems are highly efficient energy storage solutions designed for industrial and commercial applications with capacities ranging ...
