Excellent performance and long standby time. Monocrystalline silicon solar panel and MPPT solar controller are adopted, with higher conversion efficiency. It is equipped with high ...

Dahua integrated off-grid security solution combines 4G network transmission technology with video surveillance (including AI functions), and applies solar power technology to form an integrated off ...

Introducing the Dahua Wireless Series 2nd Gen 4G Solar Power Network Camera! ? Equipped with a Wide Temperature Battery and solar panel, it ensures reliable operation in any ...

Supports solar power, making it ideal for use in locations that have difficulty accessing electricity and network 4-MP 1/2.8? CMOS sensor, low luminance, and high definition

The integrated solar power system, integrating solar panels, maximum power point tracking (MPPT) charging controller and mounting brackets, provides stable power supply for the front-end data ...

Use one of the options below to locate your desired product.

Dahua solar security cameras for reliable, off-grid surveillance. Featuring built-in solar panels, high-capacity batteries, 4G connectivity, PIR detection, and remote monitoring, Dahua solar solutions ...

Solar Power System (Without Lithium Battery) > Integrated design, easy to install > Pole mount > Angle flexible adjustment of solar panel and camera

Secure remote sites cost-effectively with Dahua's Solar-Powered Surveillance Solution--no wiring, 24/7 AI monitoring, and 4G connectivity. Ideal for orchards, farms, and off-grid ...
