KonkaEnergy Cabinets & Racks Collection - Engineered for secure and efficient energy storage, our battery cabinets and racks provide robust solutions for commercial and industrial applications.

We stock new and used battery cabinets in support of our energy storage packages, ups backup systems and rental UPS. Speak to a power expert to match up with your specific requirements.

MBE Mobile Battery Energy units allow the storage of energy from multiple sources: generator, solar, or the grid. You can then redistribute that energy, at a later time, to a site that needs power.

Havana-style container energy storage cabinets provide adaptable solutions for industries transitioning to sustainable power management. With proper implementation, these systems deliver reliable ...

Our new MBE series is a dedicated range of battery energy storage solutions that reduce fuel consumption and carbon emissions. It can be used as a stand alone solution to meet the needs of ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

These three parts form a microgrid, using photovoltaic power generation to store electricity in the energy storage battery. When needed, the energy storage battery supplies the ...

That's the rockstar potential of 10MW mobile energy storage - energy systems you can literally drive to disaster zones, construction sites, or anywhere electrons are needed ASAP.

Unlike stationary ESS, our mobile storage cabinets and vehicle-mounted storage units require no civil works and can be repositioned in minutes.

Havana Mobile Energy Storage Battery Cabinet 10MW

The energy storage battery Containers are built on a modular structure. We can customize them to match the capacity and power requirements of the client's needs.
