Discover advanced folding modular house solutions designed for extreme environments including high-altitude, sub-zero climates. Learn how prefab housing delivers comfort and durability for mining and ...

Polyethylene totes with tight-fitting, hinged lids are highly resistant to various chemical solvents, making them ideal for storing hazardous materials. Totes with a capacity of up to 100 lbs. are recommended, ...

Extreme-temperature process totes and lids withstand large fluctuations and differentials in temperature. They store and cover hot items during transport from a production line.

Constructed from high-grade, heat-resistant materials, it ensures safety and durability while maintaining integrity under stress. The container's robust design includes features such as reinforced walls and ...

These polypropylene totes are chemically resistant to acids, alkalis, oils, and detergents. The tough, smooth surface won't chip and is m...

TLS Offshore Lab Containers redefine mobility and safety in industrial and scientific operations. With their robust, DNV-certified design, explosion-proof features, and fully customizable ...

BARR Plastics offers a wide range of durable plastic tanks designed to meet the demanding needs of the mining and metals industry. Our high-quality storage solutions support large-scale mining ...

TLS Offshore Lab Containers are constructed from high-quality steel and treated with anti-corrosive coatings to prevent rust and deterioration in salty, humid, or high-temperature ...

Shop durable bulk storage containers for industrial use. Browse collapsible and stackable bins to optimize your warehouse operations.

High-temperature resistant folding containers for drilling sites

Uniteam's Offshore Mud Lab Container provides a safe and customizable solution for mud lab drilling, meeting DNV 2.7-1/EN 12079 standards!
