The 261kWh liquid-cooled battery energy storage system (BESS) provides commercial and industrial users with an efficient and intelligent energy management solution.

Designed for commercial and industrial applications, this 261kWh energy storage cabinet integrates cutting-edge 314Ah LiFePO4 battery cells with a high-performance liquid cooling system to achieve ...

Explore XIHO's 261kWh commercial and industrial energy storage system with advanced LiFePO4 lithium-ion batteries. Safe, efficient, and scalable, our BESS solutions support peak ...

Purpose-built battery cabinet for C& I applications. Compatible with industry-standard voltages below 1,000 Vdc, it integrates flexibly with existing PCS systems to rapidly build cost-effective energy ...

The Industrial Commercial 261KWh Energy Storage System is a high-performance solution designed for large-scale energy storage, peak shaving, and backup power. Featuring advanced lithium-ion ...

The HSS261 C& I Energy Storage System combines a 125 kW power conversion system, high-density LiFePO4 battery modules, and dual 63 kW MPPT units in one integrated cabinet. Designed for ...

With a 261 kWh capacity, this system offers high-performance energy storage while ensuring efficiency, reliability, and security for businesses looking to optimize energy usage, reduce costs, and integrate ...

The GSL Energy 125kW / 261kWh liquid-cooling high-voltage energy storage system is a next-generation commercial and industrial (C& I) battery energy storage solution designed for factories, ...

The HJ-ESS-261L is a 261kwh storage cabinet state-of-the-art lithium-ion battery and very widely used in large power and industrial applications because of the advanced liquid cooling technology ...

Industrial energy storage power supply 261kWh

Industrial and Commercial Energy Storage Cabinet: 125kw/261kwh Lithium Battery System. The energy storage cabinet is liquid-cooled and uses brand new 314ah LFP battery cells. It adopts a distributed ...
