Remark: Electrical data in this catalog do not refer to a single module and they are not part of the offer. They only serve for comparison among different module types.

JASOLAR 455W LB Series Higher power generation better LCOE n-type with very Lower LID Better Temperature Coefficient Better low irradiance response * 25-year product warranty 30-year linear ...

Delving into the intricacies of the Ja Solar 455w datasheet opens a gateway to understanding the underlying specifications of this formidable panel. By dissecting the technical details and ...

Overall, the JA Solar 455W panel is a top-of-the-line solar module that offers exceptional efficiency, durability, and performance for residential, commercial, and utility-scale solar installations.

Specifications subject to technical changes and tests. JA Solar reserves the right of final interpretation. Remark: Electrical data in this catalog do not refer to a single module and they are not part of the ...

Electrical Characteristics. Features: 12 Year product warranty and 25 year linear power output warranty. View / Download JA Solar Specs sheet 455-470W.

· IEC 62941: 2019 Terrestrial photovoltaic (PV) modules - Quality system for PV module manufacturing

Power Output: 455W nominal power rating ensuring high energy yield. Cell Type: Monocrystalline bifacial PERC cells for enhanced efficiency and durability. Dimensions: Approximately 2172mm × ...

-465/MR Series Introduction Assembled with multi-busbar PERC cells, the half-cell configuration of the modules offers the advantages of higher power output, better temperature-dependent performance, ...

JA Solar 455W photovoltaic panel parameters

455W 430-455 JAM54D41 Remark: customized frame color and cable length available upon request
