What is a Juicebox 40?

The JuiceBox 40 is a high power, fast and compact electric car charger with advanced WiFi internet control and smart grid features. The JuiceBox portable charging station automatically adjusts to provide just as much power as your electric vehicle is able to accept, up to 40 amps for much faster charging than a standard wall outlet charger.

Is the Juicebox Pro 40 compatible with the JuiceStand Pro?

The JuiceBox Pro 40 is compatible with the JuiceStand Pro. The JuiceNet business software program is responsible for reporting and charging control of your station. With the JuiceBox Pro 40, you can upgrade to the JuiceNet Enterprise software for additional reporting, energy management, payment options, and user authentication options.

Is Juicebox Pro 40 a good charger?

The JuiceBox Pro 40 is perfect for any business or home, with its sleek design and easy-to-use interface. Plus, the integrated cable management system keeps your station looking neat and tidy. And with the weatherproof coating, you can use this charger indoors or outdoors without worry.

Are Juicebox Plus & Pro recycled?

Made with a 100% recycled case, JuiceBox Plus and JuiceBox Pro are designed to fit our corporate vision for sustainability. With a 100% recycled case, both models can also be recycled at the end of their useful life. In 2020, 60 tons of plastic waste were used to manufacture 30,000 JuiceBoxes.
