Explore the GSL CESS-125K261, a modular AC-coupled energy storage cabinet system from 261kWh to 4.176MWh. Featuring 314Ah LFP cells, liquid cooling, IP65 protection, and full inverter integration. ...

The system supports standard three-phase 220/380V or 230/400V output, employs liquid-cooled intelligent temperature control technology, supports up to 10 units in parallel, and is ...

Maximize power reliability & savings with our 125KW/261KWH Liquid-Cooled Battery Cabinet. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection ...

The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ensures ...

The MEGATRONS 373kWh Battery Energy Storage Solution is an ideal solution for medium to large scale energy storage projects. Utilizing Tier 1 LFP battery cells, each battery cabinet is designed for ...

The 418KWh Liquid-Cooled Energy Storage Cabinet is designed with an integrated system that includes batteries, BMS, EMS, PCS, and fire protection. It uses advanced liquid cooling technology to ...

CI New Energy is a high-quality Liquid Cooled Energy Storage Cabinet Manufacturer and Supplier. Our factory provides wholesale prices to make customers more affordable. It has passed CE international ...

AceOn's eFlex 836kWh Liquid-Cooling ESS offers a breakthrough in cost efficiency. Thanks to its high energy density design, eFlex maximizes the energy stored per unit of space, drastically reducing ...

Compared to traditional cooling systems, it offers higher efficiency, maintaining a cell temperature difference

Liquid-cooled energy storage battery cabinet communication power supply price

of less than 3%, reducing overall power consumption by 30%, and extending system ...

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It combines top-tier LiFePO₄ cells, advanced liquid cooling, and AI-powered safety features to ensure ...
