Our outdoor energy storage cabinet is an intelligent integrated management system that provides reliable and efficient energy storage for outdoor applications.

Our liquid-cooling energy storage cabinet is engineered for high-efficiency, scalable ESS solutions. It combines top-tier LiFePO₄ cells, advanced liquid cooling, and AI-powered safety features to ensure ...

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

This 125kW all-in-one liquid-cooled solar energy storage system ...

Liquid cooling all-in-one solar battery storage system integrates advanced cooling technology with high-efficiency energy storage. 100kw 200kw lithium solar battery designed for seamless solar integration, ...

Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate batteries, modular PCS, intelligent EMS/BMS, and ...

Maximize power reliability & savings with our 125KW/261KWH Liquid-Cooled Battery Cabinet. Featuring superior cooling efficiency for extended 10-year lifespan, it enables critical equipment UPS protection ...

Unlike traditional air-cooled systems, this energy storage cabinet features a proprietary liquid cooling system. It ensures even heat dissipation, avoids hotspots, and maintains safe operations in extreme ...

This 125kW all-in-one liquid-cooled solar energy storage system integrates high-performance lithium batteries, inverter, and energy management into a single unit, ensuring stable operation and optimal ...

Discover how liquid-cooled outdoor energy cabinets enhance green energy solar systems, hybrid power

Portable solar integrated energy storage cabinet liquid cooling

stations, and energy management.

Absen's Cube liquid cooling battery cabinet is an innovative distributed energy storage system for commercial and industrial applications. It comes with advanced air cooling technology to quickly ...
