Are our switchgears of the highest quality in the Philippines?

Our switchgears are of the highest quality in the Philippines. Borne out of the technical licensing agreement with Fuji-Electric Japan our switchgears have the design excellence and intricacies of a Japanese grade switchgear at a very competitive local price.

Is Magneto a reliable steel storage system supplier?

“Magneto has been a trusted and reliable supplier of our institution for many years. They produce quality steel storage systems at a reasonable price and they always deliver on-time if not earlier than required. Sales representatives and management executives are very friendly and accommodating

How much weight can a steel cabinet hold?

Roll-formed, tubular and fully welded steel frame architecture supports 5,000 lb (2268 kg) static and 4,000 lb (1814 kg) dynamic loads. Integrated Bonding. Doors and panels automatically bond to the frame through door hinges and contact points, eliminating the need for attaching separate grounding straps to cabinet components.
