We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

This could power a tiny home or other small off-grid setup like a hunting cabin. For me though, I'll start with just keeping my electric tractors and motorcycles charged!

Solarabox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators--engineered for the places where conventional infrastructure can't reach, and built for ...

Mobile solar containers enable total off-grid operation, providing power in locations with no utility grid or where grid access is unreliable. This is essential for rural development projects, ...

Introducing the solar powered range of Mobile solar containers and Portable solar chargers. With high solar yields this robust range of mobile solar power systems delivers alternative power solutions to ...

Discover the Foldable Solar Container offering lightweight, efficient, and portable renewable energy. Ideal for outdoor adventures, emergency backup, and remote work sites. Harness clean solar power ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Solar container outdoor power that is always charged

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid areas, construction sites ...
