Segen provides the largest range of solar panels, inverters, and battery storage, delivered the next day.

Our main focus is within the Solar Industry for either roof or ground mount technologies to suit or clients specific requirements. Our goal is to offer clients a cost effective Turnkey (EPC) option for their projects.

Leading provider of solar batteries, lithium batteries, container energy storage systems, custom photovoltaic solutions, and folding solar containers across South Africa and African markets.

SOLAR POWER, relying on advanced technologies and profound industry expertise, presents clients with a broad range of high-quality energy storage solutions. Our solutions cover various sectors, ...

Intelligent Photovoltaic Energy Storage Container Low-Voltage Type Bidding and Procurement What is a mobile solar PV container?High-efficiency Mobile Solar PV Container with foldable solar panels, ...

NKOSITHANDILEB SOLAR specializes in designing and manufacturing solar container systems that provide complete, transportable solar power solutions for the Southern African market.

Designed for Plug and play operations, the ZSC range of mobile solar power is easy to setup and commission. The compact container is easy to transport and is a low maintenance asset on site.

As a professional solar energy storage system manufacturer, we provide modular BESS solutions for homes, businesses, and industrial use across 20+ countries including China, USA, Germany, ...

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed two different containerized systems: our mobile ...

We design and build BESS containers with full engineering sign-off. We supply and install solar plants,

South African solar container manufacturer

inverter, and battery storage systems from 50kW to 2MW, specializing in BESS containerized solutions.
