The con starts with a fast-talking salesperson offering a "limited time offer" for a free solar energy install. The big lie: The total cost of the project will be covered by tax credits and rebates, and ...

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

Getting constant calls or emails about solar panels? It may be a scam. Learn red flags, legal protections, & how to stop solar robocalls with Bennett Legal.

While you are browsing solar power companies, one of them may ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading claim.

In one case, the complaint says sales people signed a household up for a 25-year solar lease even though a father and daughter had both said no to the proposal.

Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you? Or say you'll never have to pay another electricity bill because government programs, grants, or ...

SEATTLE -- Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment installed; those who do often get ...

In this video, Jack the Solar Guy breaks down the financing tricks and explains how scammers will use jargon to their advantage. And, whatever you do, take your time. As Annie ...
