Who is Trina Solar?

Trina Solar is a global leader in the field of solar PV modules, solutions, and services. The company, founded in 1997 as a pioneer in solar systems, today stimulates the development of the smart energy sector along with installers, distributors, utilities, and developers around the world.

Who makes Trina Solar panels?

Trina Solar modules are manufactured by 100% automated machines, which contribute to ensuring their quality. Trina provided Multi-Crystalline, Poly-Crystalline, Bifacial panels in the global market. Their solar panels' range is available as Vertex, TallMax, and DuoMax series globally.

Is Trina Solar a sustainable solar company?

Sustainability Leadership with ESG Focus: Trina Solar's industry-first T&V Rheinland LCA certification for 210mm modules, EcoVadis Gold Level CSR rating, and facilitation of 202 million tons of CO2 emissions reduction demonstrate strong environmental credentials that are increasingly important for corporate buyers in 2025.

Where is Trina Solar located?

With cumulative shipments exceeding 120 GW globally by early 2025, Trina Solar maintains regional headquarters around the world--including Singapore; Tokyo; Zurich; Dubai; Fremont (USA); Miami--and operates production bases outside China to serve international markets efficiently.

Company profile for solar panel and Component manufacturer Trina Solar Co., Ltd. - showing the company's contact details and offerings.

Trina Solar's experience, high-quality products and technological innovations have propelled us to be the leading photovoltaic module manufacturer in the world.

Trina Solar is an integrated solar panels manufacturer as well as solar cells. They are one of the leading Chinese solar module manufacturers. Trina solar's panels are known for their high ...

Trina Solar is a global leader in the field of solar PV modules, solutions, and services. The company, founded

Trina Solar Photovoltaic Panel Manufacturer

in 1997 as a pioneer in solar systems, today stimulates the development of ...

Trina Solar, founded in 1997 in China, is a manufacturer of solar panels and photovoltaic solutions. The company produces monocrystalline and polycrystalline solar cells and modules, using three ...

This project is one of the key agricultural photovoltaic power generation projects in Wanning City, making full use of the local barren slopes and abundant solar energy resources, transforming natural ...

Comprehensive guide to Trina Solar - Chinese solar panel manufacturer, Vertex modules, global presence, controversies, and market position. Updated 2025.

Trina: Company Overview and Solar Panel Evaluation Company History Trina Solar, established in 1997 by Jifan Gao in Changzhou, China, has grown into a global leader in photovoltaic ...

Trina Solar Co., Ltd. is a global leader in photovoltaic module manufacturing and smart solar energy solutions. Founded in 1997 in Changzhou, Jiangsu Province, China by Jifan Gao ...

Trina Solar delivers innovative, high-performance solar solutions, designed for durability and efficiency, powering homes and businesses towards a sustainable future
