Wholesale RackyRax solar battery storage cabinets, shelves, and power cube racks. Ideal for professional solar installations across the UK at trade prices.

Designed in the UK, our Fogstar Energy Storage Cabinets use the highest quality materials and the most innovative design techniques to get the very best from your energy storage system.

Guess you want to find it.

With capacities from 6.3 to 15.8 kWh with two to five modules, it adapts flexibly to your needs. Perfectly matched to Fronius hybrid inverters, it integrates seamlessly into your photovoltaic system. Your data ...

Support max. 4 cabinets in parallel, friendly for medium-sized project integrators.

This fully integrated energy storage system features a comprehensive all-in-one design, incorporating essential switches for battery fuses, photovoltaic input, utility grid, load output, and diesel generators.

The P5 is an all-in-one, slim and compact modular system that can be tailored to meet your specific energy needs. Can be installed inside or out, and comes with a 10-year warranty as standard.

The PCS1500 achieves a peak efficiency of 98.5% and supports high DC voltages up to 1500V, ensuring maximum energy conversion with minimal losses. Its modular design promotes easy maintenance ...

Its combination of high-voltage efficiency, scalability, customisation, and robust construction makes it an ideal choice for projects seeking a flexible, efficient, and reliable solar power solution.
