Discover UNELCO's new 3 MWp solar farm in Vanuatu. Set to generate 4.2M kWh annually, this project will cut emissions by 2,500 tons and reduce electricity tariffs.

In the village of Loltong on the island of Pentecost, the recent deployment of a hybrid solar and hydropower minigrd has transformed life for its 300 residents. Previously, Loltong suffered from ...

The installation of the new 3-megawatt solar farm on the Kawene plateau in Efate is progressing steadily, marking another step in Vanuatu's renewable energy journey.

The two-year project, led by the Global Green Growth Institute (GGGI), will bring solar-powered water pumping systems to eight rural communities across Vanuatu's Santo, Paama, Tanna and Malekula ...

A major tender funded by Australia's REnew Pacific program and the UK's FCDO targets off-grid solar Vanuatu. It calls for eight solar water pumps in communities and 24 standalone PV systems for ...

This project is aligned to the Government of Vanuatu's National Energy Road Map for increasing the energy access for rural communities in Vanuatu. The installed solar PV system is a stand-alone ...

This ambitious project will be situated on the Kawene plateau in Efate, adjacent to the existing wind farm and solar facility, making it the largest solar farm in the country. The ...

To turn ambition into reality, Vanuatu has established a strong policy framework to accelerate the adoption of clean energy. The government has taken decisive steps, such as ...

The United Arab Emirates-Pacific Partnership Fund (UAE-PPF) is behind the installation of three new solar PV plants in Vanuatu, a nation of 82 islands with a population of 225,000.

We've installed systems across Vanuatu--from single homes to multi-building complexes. We partner with

Vanuatu installs solar energy

leading solar and battery manufacturers and remain vendor-neutral to always recommend the ...
