While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading claim.

The U.S. government does not provide free solar panels. The Energy Department and the Solar Energy Technologies Office have warned consumers about this type of online scam involving ...

There's no such thing as free solar panels. There are no federal government giveaways for solar panel installations, and no company is required to offer them for free. You may be eligible...

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you ...

Riding this historic trend, some are even claiming they can bring you in on a deal of lifetime: free solar panels. Sound too good to be true? That is probably because it very well may be. ...

Wondering if free solar panel programs are legit? Learn what getting "free" solar panels really means and how it might cost you in the long run.

Beware of misleading social media ads and sales pitches promising "free" solar, guaranteed savings, or special government payouts--these are major red flags. Compare quotes ...

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your ...

What are the free photovoltaic panel scams

If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. Here's what you should...

As more Americans turn to solar power to energize their homes and businesses, offers for "free solar panels" are becoming increasingly common. But, how can you know if the claims are true?
