How do I finance a solar panel?

Call your financing company (if you have one) If your solar panels are paid for with a solar loan, then you can call the financing company. Similar to calling the manufacturer, the financier might be able to help you find a local installer with whom they have a relationship.

What if my solar installer goes under?

Third-party warranties and Operations and Maintenance packages are available for solar systems to help protect you if your solar installer does go under. So the company that installed your panels no longer exists. What should you do if you have an issue? Here are the four steps you should take as soon as possible. 1.

What happens if solar panels go out of business?

Solar panels are a long-term commitment that can require maintenance and service throughout their lifetime. If the company that installed the panels on your roof goes out of business, you could be left in a pickle. Last year, we saw a number of high-profile solar companies shut their doors, including SunPower filing for bankruptcy.

How will the closure of solar contractors affect customers and projects?

The closure of numerous solar contractors in 2024 has sent ripples through various facets of the solar market, affecting customers, ongoing projects, and the industry. Impact on Customers and Projects: Homeowners with ongoing installations face uncertainty and potential delays.
